PUBLIC ADVISORY REGARDING COVID-19 AND PUBLIC PARTICIPATION

On September 16, 2021, Governor Newsom signed Assembly Bill 361 ("AB 361"), an urgency measure effective upon adoption, amending the Brown Act to allow legislative bodies to continue teleconferencing during a proclaimed State of Emergency, and either state or local officials have imposed or recommended measures to promote social distancing, or the legislative body determines that meeting in person would present imminent risks to the health or safety of attendees. In accordance with AB 361, the Scotts Valley City Council adopted Resolution No. 2007.10 on July 26, 2022, authorizing the continued use of teleconferenced meetings pursuant to AB 361. Elected Officials and City Staff Members will be participating remotely via videoconference.

Public Participation:

The meeting will be available on Zoom and broadcast through Community Television of Santa Cruz on Channel 25 and via their website at the following link: <https://communitytv.org/watch/> (be sure to click on Channel 25). For those wishing to participate via Zoom you can join the following ways:

You will be given opportunities to provide public comment at the appropriate times throughout the meeting via Zoom. If you are participating via dial-up only, use *9 to raise your hand at the requested time.

How to comment via Zoom:

1. At the appropriate times during the meeting for public comment, on items not on the agenda, and on specific agenda items, the Mayor will announce that public comment will be accepted. Our usual time limits of 3 minutes per individual, or 5 minutes for an individual who is representing a group of three or more, will apply. Please note that per our standard practice, this is not a question and answer time, but simply a time for you to provide your comments to the Council.
2. There is an option on Zoom to raise your hand. Please click on this option when the Mayor announces that public comment will be taken. Zoom places people in line automatically. If you are participating via dial-up, you can raise your hand at the appropriate time by pressing *9. When it is your turn, the City Clerk will unmute you, and you will be able to make your comments based on the above time frames. Once your time is up, you will once again be muted and the next person in line will be given their opportunity to speak.

How to comment via email:

1. Members of the public may provide public comment by sending comments to the City Clerk via email at cityhall@scottsvaley.org.
2. Additional materials and emails must be received by 5:30 PM the day of the meeting and will be distributed to agenda recipients prior to the meeting.
3. Emails received after 5:30 PM the day of the meeting will not be included in the record.

Dear Mayor, Vice Mayor and Council Members,

I am writing to voice our agency's support of Ordinance #188.1 of the Scotts Valley Municipal Code Regulations, which is scheduled for a second reading and adoption regarding smoking and tobacco products, as Agenda Item K under tomorrow's City Council Meeting Consent Agenda..

I especially want to thank you for taking the time to revise the language to clarify that smoking is prohibited in all outdoor dining areas in Scotts Valley: SECTION 9, "SECTION 8.04.020C, Smoking shall be prohibited in the following non-enclosed public places within the city: ... 6. Designated outdoor dining areas of restaurants or eating establishments."

We believe that this is a strong ordinance that will both protect Scotts Valley youth from the dangers of flavored tobacco and also protect all citizens from the hazards of secondhand smoke. Thanks again for working to create lung-friendly public policies.

The Honorable Donna Lind, Mayor
Scotts Valley City Council
1 Civic Center Drive
Scotts Valley, CA 95066

Re: Flavored Tobacco Products

Dear Mayor Lind and Members of the Scotts Valley City Council:

The Campaign for Tobacco-Free Kids & the Tobacco-Free Kids Action Fund are pleased to submit this letter in support of your efforts in Scotts Valley to reduce tobacco use, particularly among youth. The Campaign for Tobacco-Free Kids is the nation's largest non-profit, non-governmental advocacy organization solely devoted to reducing tobacco use and its deadly toll by advocating for public policies that prevent kids from using tobacco, and help smokers quit. It is encouraging to see cities and counties in California continue to take thoughtful, evidenced-based steps to reduce the number of kids who start using tobacco and help tobacco users quit.

While California has made great strides in reducing tobacco use, tobacco use remains the number one preventable cause of premature death and disease in the nation, killing 480,000 Americans annually.

We are grateful for the unanimous vote on May 18th for a strong flavored tobacco policy and urge the council to continue its lifesaving work on second reading.

Prohibiting the sale of all flavored tobacco products in all tobacco retailers is a critical step that will help protect children living in Scotts Valley from the unrelenting efforts by the tobacco industry to hook them to a deadly addiction. Flavored tobacco products are designed to alter the taste and reduce the harshness of tobacco products so they are more appealing and easy for beginners, who are almost always kids. These products are pervasive and are marketed and sold in a variety of kid-friendly flavors. With their colorful packaging and sweet flavors, flavored tobacco products are often hard to distinguish from the candy displays near which they are frequently placed in retail outlets. **In California, nine out of ten high school tobacco users report using flavored products.¹**

Menthol Cigarettes Increase Smoking Among Youth

No other flavored product contributes more to the death and disease caused by tobacco use than menthol cigarettes. We applaud your decision not to exempt menthol cigarettes from your ordinance. Menthol delivers a pleasant minty taste and imparts a cooling and soothing sensation. These characteristics successfully mask the harshness of tobacco, making it easier for beginner smokers and kids to tolerate smoking. The FDA's Tobacco Product Scientific Advisory Committee (TPSAC) has reported that:

- Menthol cigarettes increase the number of children who experiment with cigarettes and the number of children who become regular smokers, increasing overall youth smoking.
- Young people who initiate using menthol cigarettes are more likely to become addicted and become long-term daily smokers.
- The availability of menthol cigarettes reduces smoking cessation in some populations, especially among Black Americans, and increases the overall prevalence of smoking among Black Americans.
- Menthol cigarettes are marketed disproportionately to younger smokers and are disproportionately marketed per capita to Black Americans.

After a thorough review of the evidence, TPSAC concluded that “Removal of menthol cigarettes from the marketplace would benefit public health in the United States.”² A decade later—in April 2021—the FDA announced its intention to pursue rulemaking to prohibit menthol cigarettes and flavored cigars. However, until any FDA action is finalized, states and cities should continue their growing efforts to end the sale of menthol cigarettes and other flavored tobacco products. It will take time for the FDA to finalize and implement the necessary regulations to prohibit menthol cigarettes and flavored cigars, and tobacco industry lawsuits could cause more delays. States and cities have an obligation to protect the health of their citizens and must act now to stop tobacco companies from targeting kids, Black Americans and other groups with menthol cigarettes and other flavored products. We can’t afford more delay in taking action to protect kids and save lives.

Flavored Tobacco Products Are Pervasive

A 2009 federal law, the Family Smoking Prevention and Tobacco Control Act, prohibited the sale of cigarettes with characterizing flavors other than menthol or tobacco, including candy and fruit flavors. While overall cigarette sales have been declining since the 2009 law, the proportion of smokers using *menthol* cigarettes (the only remaining flavored cigarette) has been increasing.³ Menthol cigarettes comprised 37 percent of the market in 2019.⁴

The Tobacco Control Act's prohibition on characterizing flavors did not apply to other tobacco products, and as a result, tobacco companies have significantly stepped up the introduction and marketing of flavored non-cigarette tobacco products. In fact, the overall market for flavored tobacco products is actually growing. In recent years, there has been an explosion of sweet-flavored tobacco products, especially e-cigarettes and cigars. These products are available in a wide assortment of flavors – like mango, blue razz, pink punch and mint for e-cigarettes and chocolate, watermelon, and cherry dynamite for cigars. Tobacco companies are making and marketing deadly and addictive products that look and taste like a new line of flavors from a Ben and Jerry's ice cream store.

Flavors are not just a critical part of the product design, but are a key marketing ploy for the industry. The 2016 Surgeon General Report on e-cigarettes concluded, "E-cigarettes are marketed by promoting flavors and using a wide variety of media channels and approaches that have been used in the past for marketing conventional tobacco products to youth and young adults."⁵ The 2019 National Youth Tobacco Survey found that 69.3% of middle and high school students—over 18.2 million youth—had been exposed to e-cigarette advertisements from at least one source.⁶

Sales of cigars (i.e., large cigars, cigarillos, and small cigars) have more than doubled between 2000 and 2019, and much of the growth is attributable to smaller types of cigars, many of which are flavored and inexpensive.⁷ The number of unique cigar flavor names more than doubled from 2008 to 2015, from 108 to 250.⁸ The top five most popular cigar brands among 12- to 17-year olds who have used cigars – Black & Mild, Swisher Sweets, White Owl, Backwoods, and Dutch Masters – all come in flavor varieties.⁹ These products are often sold singly or can be priced as low as 3 or 4 for 99 cents, making them even more appealing to price-sensitive youth. Note that cigar smoke is composed of the same toxic and carcinogenic constituents found in cigarette smoke.¹⁰

Although tobacco companies claim to be responding to adult tobacco users' demand for variety, it's clear that flavored tobacco products play a key role in enticing new users, particularly kids, to a lifetime of

addiction. This growing market of flavored tobacco products is undermining progress in reducing youth tobacco use.

Flavored Tobacco Products Are Popular Among Youth

These sweet products have fueled the popularity of e-cigarettes and cigars among youth. A government study found that **eight out of ten of kids who have ever used tobacco products started with a flavored product.**¹¹ Across all tobacco products, the data is clear: flavored tobacco products are overwhelmingly used by youth as a starter product, and preference for flavors declines with age.

The 2020 National Youth Tobacco Survey shows that among high school students, e-cigarette use declined to 19.6% in 2020, after increasing by an alarming 135 percent from 2017 to 2019 (from 11.7% to 27.5%).¹² While the significant decline in youth users since 2019 is a sign of progress, youth e-cigarette use remains a public health crisis. 3.6 million kids still use e-cigarettes – the same number as when the U.S. Surgeon General called youth e-cigarette use an “epidemic.”¹³

In California, 8.2% of high school students report using e-cigarettes. The California Student Tobacco Survey found that an increasing proportion of these youth are using flavored products (96.2% in 2019-2020, up from 86.4% in 2017-2018). Among California high school e-cigarette users, the most commonly used flavor types are fruit (63.9%), mint or menthol (14.7%) and candy or sweet (13%).¹⁴

Almost all e-cigarettes contain nicotine, a highly addictive drug. Young people are especially vulnerable to nicotine addiction.¹⁵ The Surgeon General has concluded that, “The use of products containing nicotine in any form among youth, including in e-cigarettes, is unsafe.”¹⁶ The manufacturer of JUUL, a popular e-cigarette among youth, claims that each JUUL pod contains as much nicotine as a pack of twenty cigarettes. Since the introduction of Juul, many youth are now using products that effectively deliver massive doses of nicotine and it is clear that large numbers of teen e-cigarette users are struggling with nicotine addiction.

Youth e-cigarette users are also at risk of smoking cigarettes. A 2018 report from the National Academies of Science, Engineering & Medicine found that “There is substantial evidence that e-cigarette use increases risk of ever using combustible tobacco cigarettes among youth and young adults.”¹⁷ More recent research confirms this finding.¹⁸ Therefore, it is critical for any policy restricting sales of flavored tobacco products to include e-cigarettes.

In January 2020, the FDA restricted some flavors in cartridge-based e-cigarettes, but exempted all menthol-flavored e-cigarettes and left flavored e-liquids and disposable e-cigarettes widely available in every imaginable flavor. New data show that the market share of these products has grown substantially and that youth quickly migrated to the flavored products that were exempt from the FDA’s policy. Among high school e-cigarette users, use of disposable e-cigarettes increased by 1,000%

from 2019 to 2020, and in 2020, 37% of high school users of flavored e-cigarettes reported using menthol products.¹⁹ E-cigarette market share data from California confirm these trends:

- From February 2020 to June 2021, disposable e-cigarette sales in California increased by 51.9%. Disposable products are sleek, easily concealed, pre-charged, cheap (some for less than \$5) and can even have higher nicotine concentrations than JUUL. They are widely sold in kid-friendly flavors like fruit and candy.
- From February 2020 to June 2021, menthol-flavored e-cigarette sales in California increased by 43.1% (from 226.4 thousand to 324.0 thousand units) and menthol-flavored cartridge sales increased by 44%.

While the FDA recently announced that it had denied marketing applications for certain flavored e-cigarettes, many of the flavored products most popular among kids, like Juul, are still on the market. Every day these products remain on the market, our kids remain in jeopardy. Because of the delays and gaps in the FDA's actions, it is critical that states and cities step up their efforts to eliminate ALL flavored e-cigarettes, as well as other flavored tobacco products. The evidence is also clear that as long as any flavored e-cigarettes – including menthol-flavored products – are on the market, kids will shift to them and we will not end this public health crisis. Scotts Valley must close the gaps left by the FDA and protect our kids from these dangerous and addictive products.

As the only flavored cigarette left on the market, it's also no surprise that menthol cigarettes are popular among youth. Menthol cools and numbs the throat, reducing the harshness of cigarette smoke, thereby making menthol cigarettes more appealing to youth who are initiating smoking. About half of youth smokers use menthol cigarettes.²⁰ As noted previously, young people who initiate using menthol cigarettes are more likely to become addicted and become long-term daily smokers.²¹

Tobacco companies have a long history of targeting and marketing flavored tobacco products to Black Americans and youth. Tobacco industry marketing, often targeted at minority communities, has been instrumental in increasing the use of menthol products and in the disproportionate use of menthol products by minority groups and youth. TPSAC concluded that menthol cigarettes are marketed disproportionately to younger smokers and Black Americans.²² Dating back to the 1950s, the tobacco industry has targeted these communities with marketing for menthol cigarettes through sponsorship of community and music events, targeted magazine advertising, youthful imagery, and marketing in the retail environment. This targeting continues today: in 2018, California tobacco retailers in neighborhoods with the highest proportions of Black residents were more likely to advertise menthol cigarettes and charged an estimated 25 cents less for Newport cigarettes, compared with stores in neighborhoods with the lowest proportion of Black residents.²³ Nationwide, as a result of this targeting, 85% of Black smokers smoke menthol cigarettes, compared to 29% of White smokers.²⁴

Menthol cigarettes are a major reason why Black Americans suffer disproportionately from tobacco use. The tobacco industry's "investment" in the African American community has had a destructive impact. In 2013, the FDA released a report finding that menthol cigarettes lead to increased smoking initiation among youth and young adults, greater addiction, and decreased success in quitting smoking.²⁵ Tobacco use is the number one cause of preventable death among Black Americans, claiming 45,000 Black lives every year.²⁶ Tobacco use is a major contributor to three of the leading causes of death among Black Americans - heart disease, cancer and stroke.²⁷ The higher rates of some tobacco-caused diseases among Black Americans result, in part, from their greater use of menthol cigarettes, which are associated with reduced cessation.²⁸ A study released just this month found that among the Black community, 157,000 smoking-related premature deaths and 1.5 million excess life-years between the years 1980 and 2018 can be attributed to menthol cigarettes.²⁹

The scientific evidence leaves no doubt that menthol cigarettes and other flavored tobacco products increase the number of people, particularly kids, who try the product, become addicted and die a premature death as a result. Prohibiting the sale of menthol cigarettes and other flavored tobacco products is an important step toward protecting our children from the tobacco industry's aggressive efforts to hook children to a deadly, addictive product.

This issue is about protecting our kids and vulnerable populations. By prohibiting the sale of all flavored tobacco products, Scotts Valley would join over seventy cities and counties in California that are already enacted comprehensive laws to *end* the sale of all flavored tobacco products. **Thank you for vote on a strong and comprehensive policy without exemptions. It will save lives.**

Good afternoon Honorable Mayor and Councilmembers,

Thank you for the opportunity to submit my testimony on agenda item k, ordinance #188.1 – regulating the sale of tobacco products.

My name is Thomas Lawton, I am the government affairs representative for hookah manufacturer Fumari, as well as a member of the National Hookah Community Association and am testifying on behalf of the proud members of the NHCA in Scotts Valley. We kindly ask that you please consider amending the ordinance to include a cultural hookah exemption in the proposed flavored tobacco ban, **just as statewide flavored tobacco ban CA SB793 protects minority communities' cultures that include the rich tradition of hookah.**

We express our gratitude and show our support for taking action against the youth nicotine addiction epidemic and agree that youth should not have access to tobacco.

Although in the process we ask that you do not implement an ordinance that bans the rich cultural tradition of hookah.

2021 [statistics released](#) in the most recent national youth tobacco use survey conducted by the [FDA](#) shows **teen use of hookah is less than 1% nationally and dropping.** Hookahs are not being confiscated in schools. They are 3 feet tall and cannot be easily concealed in your pocket or backpack like vape. Hookahs take 25 – 30 minutes to set up and need hot coals, therefore it cannot be smoked during recess in the bathroom at school. They cost over \$200 for all the ten parts and accessories, making it out of reach for most kids.

Hookah tobacco has been mixed with molasses or honey since its inception over 500 years ago. This molasses or honey is used to preserve the hookah tobacco and inherently gives the tobacco a sweet flavor. Due to its fundamental difference and cultural significance for hundreds of years, hookah is not a product of big tobacco's recent use of flavored vapes to entice our youth

With the FDA & CDC reporting that hookah use is not contributing to the current youth tobacco epidemic (less than 1% of youth are current hookah users), a ban on hookah would only serve to ban a rich cultural tradition practiced by many minority communities ranging from Armenians, Persians, Middle Easterners, Turks, North Africans, and Indians.

Here are some quick facts about Hookah:

- Beginning in 16th century India hookah was only available to royals and high level diplomats, although hookah then [evolved](#) from 17th century Persia to 18th century Turkey to 19th century Egypt, Israel, Armenia, and Pakistan, reaching the United States in the late 1800s when immigrants from these countries settled in American cities like San Francisco and Los Angeles.
- Hookah is a symbol of respect, hospitality, and social engagement in many communities. Hookah is an integral part of social life in these communities, just as other communities' social norms might include drinking coffee in a cafe, beer at a BBQ, or wine at a tapas bar.
- A 2018 [FDA study](#) showed almost 90% of Americans who use hookah do so no more than once per month. [By comparison](#), the average American cigarette smoker smokes 14 cigarettes per day, and

vapers can vape compulsively around the clock.

- For many communities, hookah is a non-intoxicating fixture of social interaction, including in some circumstances where social norms do not include drinking alcohol or using other substances.
- Hookah [waterpipes](#) create aerosol that is 60% water and heat shisha at a temperature that is four times lower than a burning cigarette. [By contrast](#), cigarette smoke is 75 percent tar, carbon monoxide, and nicotine.

Please keep in mind this rich tradition does not merely include smoking hookah tobacco, but is centered around respect, hospitality, social engagement, and enjoyed with other aspects of culture such as art, music, and dance. This tradition should be celebrated as it adds to the cultural diversity of Scotts Valley and creates a more inclusive atmosphere.

There is a way to achieve regulatory goals while balancing the interests of minority communities that practice hookah. We ask that the City of Scotts Valley recognizes and preserves minority communities by mirroring the cultural hookah exemption found in the states of California, Massachusetts, the District of Columbia, and many cities including Los Angeles, San Jose, Elk Grove, Walnut Creek, West Hollywood, Burbank, Glendale, Irvine, Long Beach, Encinitas, San Diego County, El Cajon, Ventura, Pleasant Hill, Redwood City, Culver City, San Diego City, Rancho Cordova, South Pasadena, and many more.

Please consider amending the flavored tobacco ban today to preserve the cultures of diverse, minority communities in Scotts Valley by including a cultural hookah exemption.

Thank you for your consideration.

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022
TO: Honorable Mayor and City Council
FROM: Cathie Simonovich, City Clerk
APPROVED: Mali LaGoe, City Manager
SUBJECT: **DESIGNATION OF VOTING DELEGATE FOR 2022 LEAGUE
OF CALIFORNIA CITIES ANNUAL CONFERENCE**

SUMMARY OF ISSUES

The League's 2022 Annual Conference is scheduled for Wednesday, September 7 through Friday, September 9 and will be held at the Long Beach Convention Center. The Annual Business Meeting, where membership takes action on conference resolutions, will be held on Friday, September 9, 2022. Each City is requested by the League to designate a voting representative who will be present at the Business Meeting.

FISCAL IMPACT

Applicable registration costs for the League of California Cities Annual Conference have been included in the FY 2022/23 budget.

STAFF RECOMMENDATION

By approval on the consent agenda, the City Council will appoint Mayor Donna Lind as the Voting Delegate, and Councilmember Jack Dilles as the Alternate Voting Delegate, to represent the City of Scotts Valley at the League of California Cities Annual Business Meeting on September 7, 2022, at the Long Beach Convention Center.

Council Action Advised by August 31, 2022

DATE: June 1, 2022

TO: City Managers and City Clerks

**RE: DESIGNATION OF VOTING DELEGATES AND ALTERNATES
League of California Cities Annual Conference & Expo – September 7-9, 2022**

Cal Cities 2022 Annual Conference & Expo is scheduled for September 7-9, 2022 in Long Beach. An important part of the Annual Conference is the Annual Business Meeting (during General Assembly) on Friday, September 9. At this meeting, Cal Cities membership considers and acts on resolutions that establish Cal Cities policy.

In order to vote at the Annual Business Meeting, your city council must designate a voting delegate. Your city may also appoint up to two alternate voting delegates, one of whom may vote if the designated voting delegate is unable to serve in that capacity.

Please complete the attached Voting Delegate form and return it to Cal Cities office no later than Friday, September 2. This will allow us time to establish voting delegate/alternate records prior to the conference.

Please view Cal Cities' [event and meeting policy](#) in advance of the conference.

- **Action by Council Required.** Consistent with Cal Cities bylaws, a city's voting delegate and up to two alternates must be designated by the city council. When completing the attached Voting Delegate form, please attach either a copy of the council resolution that reflects the council action taken, or have your city clerk or mayor sign the form affirming that the names provided are those selected by the city council. Please note that designating the voting delegate and alternates **must** be done by city council action and cannot be accomplished by individual action of the mayor or city manager alone.
- **Conference Registration Required.** The voting delegate and alternates must be registered to attend the conference. They need not register for the entire conference; they may register for Friday only. Conference registration will open by June 1 on the [Cal Cities](#) website. In order to cast a vote, at least one voter must be present at the Business Meeting and in possession of the voting delegate card. Voting delegates and alternates need to pick up their conference badges before signing in and picking up the voting delegate card at the Voting Delegate Desk. This will enable them to receive the special sticker on their name badges that will admit them into the voting area during the Business Meeting.

- **Transferring Voting Card to Non-Designated Individuals Not Allowed.** The voting delegate card may be transferred freely between the voting delegate and alternates, but *only* between the voting delegate and alternates. If the voting delegate and alternates find themselves unable to attend the Business Meeting, they may *not* transfer the voting card to another city official.
- **Seating Protocol during General Assembly.** At the Business Meeting, individuals with the voting card will sit in a separate area. Admission to this area will be limited to those individuals with a special sticker on their name badge identifying them as a voting delegate or alternate. If the voting delegate and alternates wish to sit together, they must sign in at the Voting Delegate Desk and obtain the special sticker on their badges.

The Voting Delegate Desk, located in the conference registration area of the Long Beach Convention Center, will be open at the following times: Wednesday, September 7, 8:00 a.m. – 6:00 p.m.; Thursday, September 8, 7:00 a.m. – 4:00 p.m.; and Friday, September 9, 7:30 a.m.–12:30 p.m. The Voting Delegate Desk will also be open at the Business Meeting on Friday, but will be closed during roll calls and voting.

The voting procedures that will be used at the conference are attached to this memo. Please share these procedures and this memo with your council and especially with the individuals that your council designates as your city's voting delegate and alternates.

Once again, thank you for completing the voting delegate and alternate form and returning it to Cal Cities office by Friday, September 2. If you have questions, please call Darla Yacub at (916) 658-8254.

Annual Conference Voting Procedures

1. **One City One Vote.** Each member city has a right to cast one vote on matters pertaining to Cal Cities policy.
2. **Designating a City Voting Representative.** Prior to the Annual Conference, each city council may designate a voting delegate and up to two alternates; these individuals are identified on the Voting Delegate Form provided to the Cal Cities Credentials Committee.
3. **Registering with the Credentials Committee.** The voting delegate, or alternates, may pick up the city's voting card at the Voting Delegate Desk in the conference registration area. Voting delegates and alternates must sign in at the Voting Delegate Desk. Here they will receive a special sticker on their name badge and thus be admitted to the voting area at the Business Meeting.
4. **Signing Initiated Resolution Petitions.** Only those individuals who are voting delegates (or alternates), and who have picked up their city's voting card by providing a signature to the Credentials Committee at the Voting Delegate Desk, may sign petitions to initiate a resolution.
5. **Voting.** To cast the city's vote, a city official must have in their possession the city's voting card and be registered with the Credentials Committee. The voting card may be transferred freely between the voting delegate and alternates, but may not be transferred to another city official who is neither a voting delegate or alternate.
6. **Voting Area at Business Meeting.** At the Business Meeting, individuals with a voting card will sit in a designated area. Admission will be limited to those individuals with a special sticker on their name badge identifying them as a voting delegate or alternate.
7. **Resolving Disputes.** In case of dispute, the Credentials Committee will determine the validity of signatures on petitioned resolutions and the right of a city official to vote at the Business Meeting.

CITY: Scottts Valley

**2022 ANNUAL CONFERENCE
VOTING DELEGATE/ALTERNATE FORM**

Please complete this form and return it to Cal Cities office by Friday, September 2, 2022. Forms not sent by this deadline may be submitted to the Voting Delegate Desk located in the Annual Conference Registration Area. Your city council may designate one voting delegate and up to two alternates.

To vote at the Annual Business Meeting (General Assembly), voting delegates and alternates must be designated by your city council. Please attach the council resolution as proof of designation. As an alternative, the Mayor or City Clerk may sign this form, affirming that the designation reflects the action taken by the council.

Please note: Voting delegates and alternates will be seated in a separate area at the Annual Business Meeting. Admission to this designated area will be limited to individuals (voting delegates and alternates) who are identified with a special sticker on their conference badge. This sticker can be obtained only at the Voting Delegate Desk.

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022

TO: Honorable Mayor and City Council

FROM: Cathie Simonovich, City Clerk

APPROVED: Mali LaGoe, City Manager

SUBJECT: **APPROVAL OF RESOLUTION NO. 514.18 AMENDING THE CONFLICT OF INTEREST CODE FOR DESIGNATED POSITIONS AND INCORPORATING BY REFERENCE THE FAIR POLITICAL PRACTICES COMMISSION'S STANDARD MODEL CONFLICT OF INTEREST CODE**

SUMMARY OF ISSUE

In accordance with the requirements of the Political Reform Act and the Fair Political Practices Commission, the City Council is required to amend their Conflict of Interest Code when the need arises and every two years.

The City's Conflict of Interest Code is being amended to add the position of Finance Manager and the position of Senior Civil Engineer.

The job description for the position of Finance Manager was approved by City Council on December 16, 2020, and the position was filled in December, 2021.

In order to open a competitive recruitment for the Senior Civil Engineer, City Council approved an amendment to the salary schedule on June 1, 2022, and the position was filled in July 2022 (start date in August 2022).

Persons holding designated positions are required to file Statements of Economic Interests annually.

FISCAL IMPACT

There is no fiscal impact associated with the update of the City's Conflict of Interest Code.

STAFF RECOMMENDATION

It is recommended that the City Council approve Resolution No. 514.18, amending the Conflict of Interest Code for designated positions and incorporating by reference the Fair Political Practices Commission's Standard Model Conflict of Interest Code.

RESOLUTION NO. 514.18

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SCOTTS VALLEY AMENDING THE CONFLICT OF INTEREST CODE FOR DESIGNATED POSITIONS AND INCORPORATING BY REFERENCE THE FAIR POLITICAL PRACTICES COMMISSION'S STANDARD MODEL CONFLICT OF INTEREST CODE

WHEREAS, the Political Reform Act, Government Code sections 81000 et seq., requires state and local government agencies to adopt and promulgate Conflict of Interest Codes; and

WHEREAS, the Fair Political Practices Commission has adopted 2 Cal. Code of Regulations sections 18720 and 18730, which contains the terms of a standard model Conflict of Interest Code, which may be amended by the Fair Political Practices Commission to conform to amendments in the Political Reform Act after public notice and hearings; and

WHEREAS, incorporation by reference of the terms of the aforementioned regulation and amendments to it in Conflict of Interest Codes will save this body time and money by minimizing the actions required of this body to keep the Codes in conformity with the Political Reform Act.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Scotts Valley that:

1. The provisions of 2 Cal. Code of Regulations sections 18720 and 18730 (Exhibit B), and any amendments to it duly adopted by the Fair Political Practices Commission, along with the attached list of designated officials and employees and their respective disclosure categories (Exhibit A) are hereby incorporated by reference and constitute the Conflict of Interest Code of the City of Scotts Valley.
2. Persons holding designated positions shall file Statements of Economic Interests pursuant to Section 4 of the standard model Code electronically. The City Clerk shall maintain copies of the statements.
3. Members of the City Council, the Public Financing Authority (which is comprised solely of members of the City Council); the Planning Commission, the City Manager, the City Attorney, and the City Treasurer are covered by the disclosure requirements of Article 2 of Chapter 7 of the Political Reform Act of 1974, Government Code sections 87200 et seq., and not by the disclosure requirements of the within Conflict of Interest Code; such persons are covered by the within Conflict of Interest Code for disqualification purposes only.

4. The requirements of the within Conflict of Interest Code are in addition to other requirements of the Political Reform Act of 1974, as amended, and to any other state and local laws pertaining to conflicts of interest.

This resolution was passed and adopted by the City Council of the City of Scotts Valley at a regularly scheduled meeting on the 3rd day of August 2022, by the following vote:

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022
TO: Honorable Mayor and City Council
FROM: Cathie Simonovich, City Clerk
APPROVED: Mali LaGoe, City Manager
SUBJECT: Cancellation of the September 7, 2022 Council Meeting

SUMMARY OF ISSUE

Mayor Lind, Councilmember Dilles, and City Manager LaGoe will be attending the League of California Cities Annual Conference from September 7, 2022 through September 9, 2022, making them unavailable to attend the September 7, 2022 Council meeting. Any items that need City Council consideration can either be heard at the August 17, 2022 meeting or the September 21, 2022 meeting.

FISCAL IMPACT

There is no financial impact associated with cancelling the September 7, 2022, meeting.

STAFF RECOMMENDATION

Staff recommends that Council approve the cancellation of the September 7, 2022, meeting.

SUBJECT: APPOINTMENT TO PARKS AND RECREATION COMMISSION

SUMMARY OF ISSUE

As vacancies occur, or due to an election or re-election of a Council Member, a member of the Council may nominate a new individual to serve on a City Commission, Committee, and/or Board. All appointments must be approved by the City Council.

There is a vacancy on the Parks and Recreation Commission due to the resignation of Eric Seib and an application has been submitted by Rebecca Sorci-Murray. Council Member Randy Johnson has nominated Ms. Sorci-Murray to serve on the Parks and Recreation Commission and upon Council approval, Ms. Sorci-Murray will fill the vacancy.

FISCAL IMPACT

None.

STAFF RECOMMENDATION

It is recommended that the City Council ratify the appointment of Rebecca Sorci-Murray to serve on Parks and Recreation Commission, with an effective date of August 3, 2022.

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022

TO: Honorable Mayor and City Council

FROM: Chris Lamm, Public Works Director/City Engineer

APPROVED: Mali LaGoe, City Manager

**SUBJECT: PROFESSIONAL SERVICES AGREEMENT WITH
ENVIRONMENTAL INNOVATIONS FOR ENVIRONMENTAL
COMPLIANCE SERVICES**

SUMMARY OF ISSUE

The Public Works Department is responsible for a number of environmental compliance activities across multiple disciplines including; stormwater, wastewater, solid waste, and recycling and organics associated with AB341, AB1826 and SB1383, and the City's wastewater and stormwater discharge permits. Compliance activities include inspection, outreach and education, training, reporting and enforcement when necessary.

In support of City staff, Environmental Innovations has provided environmental compliance services for the City since 2007. With expertise in the various compliance categories and with local offices enabling quick response when called upon, they are uniquely qualified to support the City in the activities proposed.

Tasks are divided into 3 categories, Source Control and Environmental Compliance, Solid Waste, Recycling and Organics Compliance, and MS4 NPDES (Stormwater) Compliance as follows:

Source Control

- Assess all business and industry in Scotts Valley for potential to impact wastewater and/or stormwater. Maintain a database of sites to monitor, sites to inspect, and sites considered "dry" or not a potential impact.
- Inspect 80 businesses per year considered potential impact. Inspect and regulate by permit 2-3 significant industrial users.
- Enforcement Response of wastewater compliance, estimating 10 cases of enforcement/year
- Plan reviews for new construction pertaining to environmental compliance

Solid Waste Recycling and Organics Compliance

- Inspect 100 businesses per year to ensure mandatory, commercial recycling of non-organics meets AB 341 requirements (inventory and inspections included above in Environmental Compliance.)

- Inspect 75 businesses per year to ensure mandatory, commercial recycling of organics meets AB 1826 requirements (inventory and inspections included above in Environmental Compliance.)
- Implement requirements necessary to meet SB 1383 legislation
- Submit Electronic Annual Report (EAR) to CalRecycle

MS4 NPDES (Stormwater) Permit Compliance FY 2022/23

- Program Management: Implement the enforcement response plan for stormwater violations, estimating 10 cases of enforcement/year.
- Education and Outreach: oversee school outreach, Property Managers outreach, and outreach to businesses adjacent to the creeks.
- Public Involvement and Participation. Trash Total Maximum Daily Load (TMDL) and CBSM may have a heavier aspect this FY.
- Illicit Discharge Elimination (inventory and inspections included above in Environmental Compliance.
- Field Sampling to detect illicit discharges
- Pollution prevention/good housekeeping
- Program Effectiveness Assessment and Implementation: Include the BMP effectiveness assessment and trash capture implementation and reporting
- Total Maximum Daily Load (TMDL) reporting requirements
- Annual Reporting: Answer SMARTS questions (10), generate and provide backup documents where required (10), ensure that paper files are Audit ready.

Tasks are provided by appropriately qualified personnel such as Senior Scientist/Program Manager, Compliance Inspector, Staff Scientist, and Interns. Rates for the personnel are included in the attached proposal from Environmental Innovations. The total value of the proposal for all tasks is \$100,960.

FISCAL IMPACT

The scope of services and fee \$100,960 associated with the services provided are currently budgeted as contract services in the FY2022/23 operating budget. Services benefitting wastewater operations compliance are funded through the Wastewater Enterprise Fund. Stormwater and solid waste compliance efforts are funded through Public Works Operating Budget (General Fund).

Wastewater Enterprise Fund	\$34,100
Public Works Operating Budget (General Fund)	\$66,860

STAFF RECOMMENDATION

Staff recommends that Council consider and take the following actions:

1. Authorize the City Manager to execute an agreement with Environmental Innovations for environmental compliance services, in a form acceptable to the City Attorney.

City of Scotts Valley
Attn: Chris Lamm
Public Works Director

RE: **2022/23 Scope of Work for Wastewater, NPDES / MS4, Solid Waste Environmental Compliance and Transportation Consulting**

Dear Mr. Lamm:

Thanks for the opportunity to continue services for the City of Scotts Valley by allowing us to propose work for the 2022/2023 fiscal year. As you know, Environmental Innovations (EI) has been conducting environmental compliance and consulting services for the City of Scotts Valley since 2007, stormwater compliance since 2009, transportation grant services since 2015, and AB186 (commercial organics composting) implementation and reporting since 2019.

EI is uniquely qualified to perform this work. We are a local sustainability consulting firm working with several municipalities in the region, across California and we partner with seven other states. EI provides environmental consulting services to businesses, non-profits, institutions, local, state, and the federal government in the areas of Green Business, environmental awareness, public outreach, Environmental Compliance/Wastewater Pretreatment, and Sustainability Planning and Management.

We obtained over \$700,000 in grant funding for the City to do road improvements and active transportation outreach. We also implemented a grant for the safe disposal of sharps (needles) and pharmaceutical waste regionally in the County of Santa Cruz in 2010. We have also been the key drivers behind the Monterey Bay Green Business Program as well as the California Green Business Network. We were the catalyst for fryer oil from Scotts Valley being used to make biodiesel as part of an EPA grant. As a long-time resident in Scotts Valley, I am very familiar with the City. I volunteered to lead an Active Transportation Committee that was recently instrumental in obtaining grant funding.

We are happy to modify the proposal if needed. EI looks forward to the opportunity to do this inspiring work. Please do not hesitate to contact us with questions.

Sincerely,

Scope of Environmental Compliance Services the City of Scotts Valley

Environmental Innovations (environmentalin.com, EI) provides environmental consulting services to businesses, non-profits, institutions, and local governments in the areas of Green Business, environmental awareness, public outreach, Environmental Compliance/Wastewater Pretreatment, and Sustainability Planning and Management. Our strengths lie in the following:

- ❖ **Excellent Facilitation and Communication:** EI coordinates many multi-stakeholder groups that frequently have competing interests. We can recognize individual strengths and highlight them in group settings. We are also able to leverage sharing costs for work with neighboring Cities and Counties that have the same mandates. We maintain strong relationships with neighbors and higher state regulatory agencies, such as the Regional Water Quality Control Board.
- ❖ **Data and Technology Strong:** We were the architects of the software used to track green businesses in California through the certification program while simultaneously measuring environmental outcomes. Our system, GreenBizTracker, is leased by seven other states. We research the best and most cost-effective solutions to meeting regulatory mandates and tracking of the data necessary to comply. We can tie in Scotts Valley work with other work we do in the region, making the City's contribution to public outreach and partnership appear strong.
- ❖ **Experienced Wastewater and Stormwater Experts:** Jo has been working in wastewater and stormwater environmental compliance for over 15 years with significant experience in gaining compliance from business and industry with the least amount of conflict possible. Julianne has a Masters in Applied Marine and Watershed Science from CSU Monterey Bay and Steven has over 30 years of experience in Environmental Compliance in the Santa Cruz and San Jose. Corona brings expertise in bilingual outreach and assisting businesses achieve sustainable practices. The team can dovetail the three programs through public outreach, technical assistance, and incentives to make the programs more educational than they are regulatory. Julianne also has significant knowledge in watershed modeling and complying with MS4 NPDES permits.
- ❖ **Sustainable Results:** We are proud to have long-term clients. Many of the environmental programs we have started continue to run independently. We design our work to have lasting effects, and to benefit our clients. There's nothing we enjoy more than seeing municipal clients get long-term credit for our work.

Project Description: The City of Scotts Valley requested a proposal to provide the following:

- ❖ Wastewater/Stormwater Environmental Compliance (Source Control)
- ❖ Stormwater Environmental Compliance with an MS4 NPDES Permit.
- ❖ Solid Waste and Recycling Compliance with AB 341, AB 1826, and SB 1383
- ❖ Transportation Funding Development as-needed

The original NPDES permit expired in 2018. The updated permit with new requirements is expected to be issued in 2024. Until then, jurisdictions must continue to carry out the requirements of the prior permit which include:

E.6 – Program Management

Use Enforcement Response Plan developed in PY3, to enforce procedures and actions and identify the Permittee's responses to violations and describe how the Permittee will address repeat and continuing violations by implementing progressively stricter responses as needed to achieve compliance.

E.7 – Education and Outreach

The Public Education and Outreach Program increases the knowledge and awareness of a targeted audience about the impacts of urban runoff and non-storm water discharges on receiving waters, and potential BMP solutions for the target audiences, thereby reducing pollutant releases to the MS4 and the environment. It is a combination of jurisdictional and regional programs consisting of the following:

- Schools - Watershed education targeting middle-school children.
- Outreach and Workshops - These are aimed at specific sectors. This year, we propose to work with retail stores which sell household chemicals like fertilizer and pesticides to implement point-of-sale info to suggest less harmful alternatives and hold periodic workshops at the retail site.

E.7.b. Staff and Site Operator Training and Education

This biennial training shall include a general storm water education component, any new technologies, operations, or responsibilities that arise during the year, and the permit requirements that apply to the staff being trained. Employees shall receive clear guidance on appropriate storm water BMPs to use at municipal facilities and during typical O&M activities.

E.8 – Public Involvement and Participation Program

Create opportunities for citizens to participate in the implementation of BMPs through sponsoring activities (e.g., stream/beach/lake clean-ups, storm drain stenciling, volunteer monitoring and educational activities). Ensure the public can easily find information about the Permittee's storm water program. Actively engage in the Permittee's IRWMP or other watershed-level planning effort.

- Snapshot Day - Annual event that involves the public directly in water quality monitoring in local creeks.
- Storm Water Resource Plan – developed with IRWM group in PY3 and PY4, implementation occurred in PY4 and PY5.
- Property Owners and Managers - specific outreach as it relates to maintaining outdoor areas.

E.9 – Illicit Discharge and Elimination

Permittees must have an existing up-to-date outfall map, develop and enforce a program to detect, investigate, and eliminate illicit discharges, including illegal dumping, into its system, to the extent allowable under law. Priority outfall list is updated annually.

E.9.b. Illicit Discharge Source/Facility Inventory

The Permittee shall maintain an inventory of all industrial/commercial facilities/sources within the Permittee's jurisdiction (regardless of ownership) that could discharge pollutants in storm water to the MS4. We utilize the inventory to identify facilities for inspections of potential illicit discharges and determine if the facilities that are required to be covered under the Statewide Industrial General Permit have done so. We also update the inventory annually and assess priority areas for the presence of illicit discharges at least once over the length of the permit term. Methods include field observations, field screening, inspections, and any other appropriate and effective survey methods.

E.9.c. Field Sampling to Detect Illicit Discharges

The Permittee shall sample any outfalls that are flowing or ponding more than 72 hours after the last rain event. The Permittee shall also conduct dry weather sampling (more than 72 hours since the last rain event) of outfalls annually identified as priority areas. Permittee shall verify that indicator parameter Action Level Concentrations are not exceeded and conduct follow up investigations per Section E.9.d. if the action level concentrations are exceeded. Any remaining outfalls with dry weather flow will be targeted for pathogen reduction efforts

E.11 – Pollution Prevention/Good Housekeeping

The Permittee shall use SWPPP developed in PY4 to assess pollutant hotspots. At least once per year, the Permittee shall conduct a comprehensive inspection of each hotspot facility, including all stormwater BMPs, in accordance with the facility-specific inspection procedures and inspection checklist. At least once per quarter visually observe discharge locations from hotspot facilities. Where discharges are observed identify any observed problems (e.g., color, foam, sheen, turbidity) associated with pollutant sources or BMPs shall be remedied as soon as practicable or before the next storm event, whichever is sooner. Visual observations shall be documented, and records kept with the SWPPP. This inspection shall be done in accordance with the developed standard operating procedures. The inspection report shall also include any identified deficiencies and the corrective actions taken to correct the deficiencies.

E.11.g. Maintenance of Storm Drain System

We inspect storm drain systems all high priority, catch basins and systems annually and ensure the following is done:

- Clean storm drains – Clean high priority catch basins and other systems.
- Labeling catch basins – Ensure that each catch basin in high foot traffic areas includes a legible storm water awareness message
- Maintain surface drainage structures –Removal of trash and debris from high priority areas shall occur annually prior to the rainy season.

E.14 – Program Effectiveness Assessment and Implementation

The Program Effectiveness Assessment and Improvement Plan assesses BMP and program effectiveness in terms of the following Outcome Levels:

- Storm water program activities
- Awareness
- Behavior
- Pollutant load reductions
- MS4 discharge quality (where assessment is supported by MS4 discharge quality data)
- Receiving water conditions

These are evaluated annually through direct quantitative measurement of pollutant load removal for BMPs that lend themselves to such measurement or model-based estimates of pollutant load removal for BMPs where direct measurement of pollutant removal is overly challenging.

E.15 – Total Maximum Daily Loads Compliance Requirements

Several watersheds within Santa Cruz County have been identified by the State of California as impaired waterbodies pursuant to Section 303(d) of the Federal Clean Water Act (CWA). By definition, 303(d) listings and adopted TMDLs are related to impacts on one or more beneficial uses and the need to control the source(s) of these impairments. The overarching goal of each TMDL is to identify sources of contamination and develop strategies to meet specific targets within a 20 to 25-year timeframe. Carbonera Creek has TMDLs for sediment and bacteria. Extensive stakeholder collaboration between the regional stakeholders to identify MS4 pollution sources and implement best management practices (BMPs), monitoring programs, and modeling tools to aid in achieving each TMDL is carried out each year and documented in an annual report that includes contributions from the County of Santa Cruz and the Cities of Santa Cruz, Scotts Valley, and Capitola.

E.16 – Annual Reporting Program

Permittees shall prepare and submit an annual report by October 15th, with documentation supporting required activities from the previous permit year beginning July 1st and ending June 30th. The Permittee is responsible for maintaining documentation as necessary to support their Annual Report and make that information available to the Regional Water Board's Executive Officer.

Collection & Processing

- Verify and grant waivers for de minimus volumes and physical space constraints when applicable and maintain records.

Edible Food Recovery

- Support County-led efforts to implement an edible food recovery program that educates commercial generators and increases access to edible food recovery

- Increase edible food recovery capacity if current capacity is insufficient by facilitating agreements between Tier1 generators and local edible food recovery organizations.

Procurement Requirements

- Help jurisdiction procure a quantity of recovered organic waste, such as compost, that meets or exceeds the organic waste product procurement target as determined by CalRecycle.
- Help jurisdiction purchase at least 75% of paper products with recycled content of at least 30 percent (by fiber weight, postconsumer fiber).

Solid Waste and Recycling Compliance

Education and Outreach

- Annually provide Tier 1 generators utilizing the three-container system with information on properly separating materials, organic waste prevention, on-site recycling, methane reduction benefits, how to recycle organic waste, a list of approved haulers, and information related to food recovery.
- Annually provide self-haulers with information regarding their requirements (outlined in Section 70.3)
- Annually provide businesses that generate edible food waste with information regarding the jurisdiction's edible food recovery program, generator requirements, and food recovery organizations.

Record Keeping & Reporting

- Maintain and update the MORE plan to bring all commercial waste accounts into compliance with AB 1826 by December 31, 2022
- Shall submit an annual report relative to their compliance with SB 1383 by the August 1st (this year October 3rd) due date.
- Maintain all implementation records in a central location (physical or electronic) that can be made available to or accessed by CalRecycle within one business day.

Staff Bios and Qualifications

Josephine Fleming - Owner, Environmental Scientist

Jo has 30 years of experience in the environmental realm in a wide breadth of scientific research, environmental remediation, commercial/industrial pollution prevention, environmental outcome data and community-based programs to address some of the environmental problems of our time. She has a Bachelor of Science in Environmental Science and a Minor in Spanish Literature. She has worked to establish numerous Green Business Programs, green hundreds of businesses, and serves as the Executive Director of the California Green Business Network. Her company, Environmental

Innovations serves local, state, and federal governments, non-profit organizations, institutions, and private businesses.

Julianne Rhodes - Senior Scientist and Program Manager

Julianne has worked in both the public and private sectors developing specifications for on-site regulatory compliance of projects involving the assessment and removal of hazardous materials from 1987 to 1996. She gained extensive project, personnel, technology, and contract management experience during her 12 years as engineering manager at Cruzio.com and subsequently earned a Masters in Applied Marine and Watershed Science from California State University Monterey Bay. Her focus on water quality and conservation efforts has led to projects working for the Monterey Peninsula Water Management District, Coastal Watershed Council, Farmers for Water

Quality, the Watershed Institute at CSUMB, the Greater Monterey Integrated Regional Water Management Group, and the City of Salinas. She has developed Storm Water Pollution Prevention Plans (SWPPPs) for both the municipal and industrial NPDES permit program.

Steven Hildebrand- Compliance Inspector

Steven has worked in the environmental field in both the public and private sector for more than 30 years. In the private sector, he has worked on hazardous waste site cleanup, remediation, and monitoring as well as Phase 1 site assessments and Storm Water Pollution Prevention Plans (SWPPPs). He worked on the design, construction, and installation of remote water quality monitoring systems and on energy efficiency programs for PG&E. In the public sector, Steven worked for the City of Santa Cruz and currently works for the City of San Jose as an Environmental Inspector. In these roles he is or has been responsible for Illicit Discharge Detection and Elimination (IDDE), Sanitary Sewer Overflow (SSO),

Fats Oils and Grease (FOG), and stormwater inspections. Steven has maintained his OSHA 40-hour Hazardous Waste Operations and Emergency Response (HAZWOPER) certification since 1989.

Maria Corona - Bilingual Sustainability Consultant and Equity Chair

Corona is a bilingual sustainability professional with social media marketing, design, and environmental justice expertise. She oversees social media marketing and the Equity Committee for the California Green Business Network and is the City of Watsonville Program Director where she works with English and Spanish-speaking businesses. She is also the recycling coordinator at CSU Monterey Bay. Before joining EI, Corona was part of a team at Ecology Action working with underrepresented communities.

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022

TO: Honorable Mayor and City Council

FROM: Kati King, Wastewater Division Manager

REVIEWED: Chris Lamm, Public Works Director/City Engineer

APPROVED: Mali LaGoe, City Manager

SUBJECT: **APPROVAL, BUDGET EXPENDITURE AND PURCHASE ORDER
WITH MUNICIPAL MAINTENANCE EQUIPMENT FOR VACTOR
TRUCK**

SUMMARY OF ISSUE

The Wastewater Division is responsible for maintaining the City sewer collection system keeping sewer lines free of clogs and debris. A specialized vactor truck that can vacuum and jet is used to keep lines from being clogged. Operators use the truck on a weekly basis to routinely jet or vacuum the City's sewer lines to keep them free flowing. The Wastewater Division's vactor truck is 21 years old and has become obsolete. Replacement parts are becoming increasingly difficult to find, leading to more frequent and longer amounts of downtime when the vehicle is inoperable, and putting the City at risk of being unable to clear blockages in the sewer system. Currently, a valve on the truck is hanging in place with a small temporary weld which could crack at any time. There are no replacement parts available for this valve and fitting.

A CIP project was included in the FY2022/2023 budget to fund the replacement of the vehicle. Based on preliminary estimates, \$450,000 was budgeted.

In 2022 the Wastewater Division requested vehicle purchase quotes from the following suppliers:

Municipal Maintenance Equipment, Hayward, CA		\$429,955.93
Sourcewell HVAC Corp,	(Did not meet specifications)	\$460,000.00
Vac-Con Sales	(Did not meet specifications)	\$439,980.00
Owens Equipment, Fairfield, CA	(Did not meet specifications)	No Pricing

Additionally, the City inquired with the City's fleet vender, Enterprise Fleet Management, to investigate if lease options were available; however, none were available.

Municipal Maintenance Equipment was the only vendor able to provide a quote that met the Wastewater Division requirements. The cost of the vehicle is within the CIP budget. The purchase will be made via pricing available through the Sourcwell cooperative purchasing agreement of which the City is a participating member.

FISCAL IMPACT

The Project is included within the Capital Improvement Program. The cost of the purchase is \$429,955.93. CIP No. 09 (Vactor Truck) is funded in the amount of \$450,000 through the Wastewater Enterprise Fund.

STAFF RECOMMENDATION

It is recommended that the City Council approve the purchase of a vactor truck and expenditure in the amount of \$429,955.93 with Municipal Maintenance Equipment.

TO: Honorable Mayor and City Council

FROM: Chris Lamm, Public Works Director/City Engineer

APPROVED: Mali LaGoe, City Manager

**SUBJECT: MEASURE D DIRECT ALLOCATION MASTER FUNDING
AGREEMENT – TERM AMENDMENT**

SUMMARY OF ISSUE

Measure D, the transportation ballot measure passed by Santa Cruz County voters on November 8, 2016, provides funding for five categories of projects: neighborhood projects, transportation for seniors and people with disabilities, highway corridors, active transportation, and the rail corridor. The Santa Cruz County Regional Transportation Commission (RTC) is responsible for implementation and administration of the measure. Measure D funds are allocated to the cities, the County, Santa Cruz METRO, and Community Bridge/Lift Line on a formula basis, as set forth in the ballot measure. The City of Scotts Valley receives over \$300,000 annually through the formulaic programming of funds through a Master Funding Agreement with the RTC.

As required by the funding agreement, the City of Scotts Valley holds a public hearing each spring to review and approve a 5-year capital expenditure plan. The plan and project information are available on the City website. Additionally, each fall, the City submits financial information on expenditures related to Measure D for the preceding fiscal year, which was reviewed by the RTC Measure D Taxpayer Oversight Committee. An annual report for all agencies is available at the RTC website.

The current Master Funding Agreement had an initial 5-year term, expiring on June 30, 2022. The RTC proposed to recipient agencies and approved at the June 16, 2022 RTC board meeting a resolution to extend the current agreement term for the life of Measure D, with an amended term expiration date of December 31, 2047.

FISCAL IMPACT

The City of Scotts Valley receives approximately \$300,000 annually from Measure D revenue through the Santa Cruz County RTC. Execution of the amendment is required to continue those fund distributions.

STAFF RECOMMENDATION

Staff recommends that Council authorize the City Manager to execute an amendment to the Measure D Direct Allocation Master Funding Agreement with the Santa Cruz County Regional Transportation Commission extending the term of the agreement, in a form acceptable to the City Attorney.

SUBJECT: **RESOLUTION NUMBER 2016 DETERMINING THE INDUSTRIAL
DISABILITY RETIREMENT OF SERGEANT WAYNE BELLVILLE**

SUMMARY OF ISSUE

Since September 21, 2020, Sergeant Wayne Bellville has been off work as result of injuries sustained while working as a Police Sergeant. Sergeant Bellville has filed an application for disability retirement with Public Employee Retirement System (PERS). The Public Employees' Retirement Law requires that the contracting agency determine whether the employee is disabled for the purposes of the Public Employees' Retirement Law and whether such disability is industrial within the meaning of law.

The treating physician has determined that he is substantially incapacitated from performing the essential duties of Police Sergeant. In addition, there is medical documentation from Acclamation Insurance Management Services (AIMS), the Cities Worker's Compensation provider, to support this determination.

By adopting the resolution, the Council finds and determines that Sergeant Bellville is incapacitated from the performance of his duties in the position of Police Sergeant and that the disability is the result of an injury arising out of or in the course of employment. The resolution also includes several other declarations that the Public Employee Retirement Law requires the City to make as part of the industrial disability finding.

FISCAL IMPACT

The recommended action will result in standard separation-of-employment costs, including the cash-outs of any eligible leave balances. These costs have been accounted for in the FY 2022-23 Adopted Budget.

STAFF RECOMMENDATION

It is recommended that the City Council approve Resolution No. 2016 determining the industrial disability of Sergeant Wayne Bellville.

RESOLUTION NO. 2016

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SCOTTS VALLEY
DETERMINING THE INDUSTRIAL DISABILITY OF EMPLOYEE WAYNE BELLVILLE**

WHEREAS, the City of Scotts Valley (hereinafter referred to as the City) is a contracting agency of the California Public Employees' Retirement System (CalPERS); and

WHEREAS, the California Public Employees' Retirement Law requires that a contracting agency determine whether an employee of such agency in employment in which he/she is classified as a local safety member is disabled for purpose of the California Public Employees' Retirement Law and whether such disability is "industrial" within the meaning of such law; and

WHEREAS, an application for disability retirement of Wayne Bellville employed by the City has been filed with CalPERS; and

WHEREAS, the City has reviewed the medical and other evidence relevant to such alleged disability.

NOW. THEREFORE. BE IT RESOLVED: That the City Council finds and determines and it does hereby find and determine that Wayne Bellville is substantially incapacitated within the meaning of the California Public Employees' Retirement Law for performance of the duties in the position of Police Sergeant; and hereby certify under penalty of perjury that this determination was made on the basis of competent medical opinion and was not used as a substitute for the disciplinary process in accordance with Government Code section 21156(a). Wayne Bellville had filed a Workers' Compensation Claim for his disabling condition(s). The Workers' Compensation claim was accepted.

BE IT FURTHER RESOLVED that the City of Scotts Valley hereby finds and determines that such disability is a result of injury arising out of and in the course of employment with the City.

BE IT FURTHER RESOLVED that the last date paid in the position of Police Sergeant after expiration of his rights under Gov. Code, sections 21163 and 21164, is effective August 3, 2022 and that no dispute as to the expiration of such leave rights is pending.

The above and foregoing resolution was duly and regularly adopted by the City Council of the City of Scotts Valley at a meeting held on the 3rd day of August, 2022 by the following vote:

SUBJECT: **RESOLUTION NO. 1596.46 AUTHORIZING THE LEVY OF THE ANNUAL SPECIAL TAX ROLL FOR SCOTTS VALLEY DRIVE FOR COMMUNITY FACILITIES DISTRICT 97-1 FOR FISCAL YEAR 2022/23**

SUMMARY OF ISSUE

The Mello-Roos Community Facilities Act of 1982 (the "Act") was enacted by the California Legislature to provide an alternative method of financing certain essential public capital facilities and services. Subject to approval by a two-thirds vote of qualified electors and compliance with the provisions of the Act, a local agency may provide facilities, services and/or issue bonds for a community facilities district and may levy and collect a Special Tax within such a district to pay for facilities, services and/or debt service on bonded indebtedness.

Pursuant to the Act, on June 18, 1997, the City Council adopted Resolution 1596.1 stating its intention to establish Community Facilities District No. 97-1 of the City of Scotts Valley and Resolution 1596.2 stating its intention, and the necessity, to incur bonded indebtedness for the improvement of Scotts Valley Drive. On July 23, 1997, following a scheduled consolidated Public Hearing, at which it was determined that a majority protest had not been filed, the City Council adopted Resolution No. 1596.4 forming the CFD, approved the ballot proposition known as Measure D, and adopted Resolution No. 1596.6 calling a special election within the District to be held on November 4, 1997 by mail ballot amongst the registered voters within the CFD. On November 19, 1997, the City Council adopted Resolution No. 1596.7 declaring the results of the mail ballot election and determining that Measure D passed by more than two thirds (2/3) of the registered voters voting at the special election. The City Council determined that bonds in the principal amount of not to exceed \$6,500,000 were authorized by the electors in the CFD to be issued to finance the acquisition and construction of improvements to Scotts Valley Drive. On January 1, 1998, the City Council adopted Ordinance No. 164 which levied a Special Tax on land within the CFD, and authorized the annual levy thereof each year thereafter, for various purposes consistent with the Act and the proceedings.

The annual levy for 2022-2023 has been calculated for all properties in the City of Scotts Valley in accordance with the parameters of the CFD and is shown on the "City of Scotts Valley Community Facilities District No. 97-1 Fiscal Year 2022/23 Preliminary Annual Report" which is on file in the Finance Department.

Approval of this resolution will authorize the County to place the annual levy on the property tax bills for all parcels within the CFD boundaries.

FISCAL IMPACT

The special taxes total \$419,467.76 for fiscal year 2022/23. The amount is sufficient to cover debt service in fiscal year 2022/23. The amount for each parcel is approximately 82.59% of the maximum annual tax approved by the voters. For instance, single family homes will be taxed at \$32.20, which is approximately 82.59% of the annual maximum tax rate of \$39.

STAFF RECOMMENDATION

It is recommended that the City Council adopt Resolution No. 1596.46 authorizing the levy of the annual special tax roll for Community Facilities District 97-1 for fiscal year 2022/23.

RESOLUTION NO. 1596.46

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SCOTTS VALLEY
AUTHORIZING THE LEVY OF THE ANNUAL SPECIAL TAX
FOR THE CITY OF SCOTTS VALLEY COMMUNITY FACILITIES DISTRICT NO. 97-1
FISCAL YEAR 2022/23**

WHEREAS, the City Council of the City of Scotts Valley, California, (hereinafter referred to as the “legislative body”), has initiated proceedings, held a public hearing, conducted an election and received a favorable vote from the qualified electors relating to the levy of a special tax in a community facilities district, all as authorized pursuant to the terms and provisions of the “Mello-Roos Community Facilities Act of 1982”; being Chapter 2.5, Part 1, Division 2, Title 5 of the Government Code of the State of California. This Community Facilities District shall hereinafter be referred to as “District”; and

WHEREAS, this legislative body, by Ordinance as authorized by Section 53340 of the Government Code of the State of California, has authorized the levy of a special tax to pay the costs and expenses related to said Community Facilities District, and this legislative body is desirous to establish the specific rate of the special tax to be collected for the next fiscal year.

NOW THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That the specific rate and amount of the special tax to be collected to pay the costs and expenses for the next fiscal year (2022/23) for the referenced District is hereby determined and established as set forth in the referenced and incorporated “City of Scotts Valley Community Facilities District No. 97-1 Fiscal Year 2022/23 Preliminary Annual Report”.

SECTION 3. That the rate as set forth above does not exceed the amount as previously authorized by Ordinance of this legislative body, and is not in excess of that as previously approved by the qualified electors of the District.

SECTION 4. That the proceeds of the special tax shall be used to pay, in whole or in part, the costs of the following:

- A. Payment of principal and interest on any outstanding authorized bonded indebtedness and contractual obligations of the CFD on an annual basis;
- B. Necessary replenishment of bond reserve funds or other reserve funds;
- C. Payment of costs of acquisition and construction of the Scotts Valley Drive project;
- D. Repayment of advances and loans, if appropriate;
- E. Payment of District administrative expenses up to a maximum of \$25,000 per year; and
- F. Anticipated delinquencies in the payment of the Special Tax.

The proceeds of the special taxes shall be used as set forth above, and shall not be used for any other purpose.

SECTION 5. The special tax shall be collected in the same manner as ordinary ad valorem property taxes are collected, and shall be subject to the same penalties and same procedure and sale in cases of any delinquency for ad valorem taxes, and the Tax Collector is hereby authorized to deduct reasonable administrative costs incurred in collecting any said special tax.

SECTION 6. All monies above collected shall be paid into the Community Facilities District fund, including any bond fund and reserve fund.

SECTION 7. The Auditor of the County is hereby directed to enter in the next County assessment roll on which taxes will become due, opposite each lot or parcel of land effected in a space marked "public improvements, special tax" or by any other suitable designation, the installment of the special tax, and for the exact rate and amount of said tax, reference is made to the referenced and incorporated "City of Scotts Valley Community Facilities District No. 97-1 Fiscal Year 2022/23 Preliminary Annual Report".

SECTION 8. The County Auditor shall then, at the close of the tax collection period, promptly render to this Agency a detailed report showing the amount and/or amounts of such special tax installments, interest, penalties and percentages so collected and from what property collected, and also provide a statement of any percentages retained for the expense of making any such collection.

TOTALS:	\$394,834.24	\$19,613.60	4.97%

Refer to Section 8 of this Report to see the Delinquency Summary Report of the CFD.

1.5 Project Status

The construction project included arterial and frontage improvements to Scotts Valley Drive between the Granite Creek interchange with State Highway 17 and Mount Hermon Road. The project is complete.

1.6 Arbitrage Rebate Liability

Arbitrage rebate calculations are not required for the CFD as the total amount of tax-exempt debt issued by the City of Scotts Valley was less than \$5,000,000 in 1998. The bonds qualify for the small issuer exemption and thus no arbitrage rebate calculations are required.

2. CFD FORMATION AND STRUCTURE

2.1 CFD Formation Proceedings

The Mello-Roos Community Facilities Act of 1982, as amended, constituting Sections 53311 *et seq.* of the California Government Code (“Act”), was enacted by the California Legislature to provide an alternative method of financing certain essential public capital facilities and services, especially in developing areas of the State of California (“State”). Once duly established, a community facilities district is a legally constituted governmental entity within defined boundaries, with the governing board of the local agency acting on its behalf. Subject to approval by a two-thirds vote of qualified electors and compliance with the provisions of the Act, a local agency may provide facilities, services and/or issue bonds for a community facilities district and may levy and collect a Special Tax within such a district to pay for facilities, services and/or debt service on bonded indebtedness.

Pursuant to the Act, the City Council of the City of Scotts Valley (“City Council”), acting in its capacity as the legislative body the CFD, adopted Resolution 1596.1 stating its intention to establish Community Facilities District No. 97-1 of the City of Scotts Valley and Resolution 1596.2 stating its intention, and the necessity, to incur bonded indebtedness (both adopted on June 18, 1997).

On July 23, 1997, following a scheduled consolidated Public Hearing, at which it was determined that a majority protest had not been filed, the City Council adopted Resolution No. 1596.4 forming the CFD, approved the ballot proposition known as Measure D, and adopted Resolution No. 1596.6 calling a special election within the District to be held on November 4, 1997 by mail ballot amongst the registered voters within the CFD.

On November 19, 1997, the City Council adopted Resolution No. 1596.7 declaring the results of the mail ballot election and determining that Measure D passed by more than two thirds (2/3) of the registered voters voting at the special election. The City Council further determined that bonds in the principal amount of not to exceed \$6,500,000 were authorized by the electors in the CFD to be issued to finance the acquisition and construction of certain public improvements to meet the needs of new development within the CFD, that the electors had approved the levy of a Special Tax to pay the principal of and interest on the Bonds and annual administrative expenses of the CFD and to make any replenishments to the Reserve Fund consistent with the Rate and Method of Apportionment of Special Taxes for the CFD.

On January 1, 1998, the City Council adopted Ordinance No. 164 by which is levied a Special Tax on land within the CFD, and authorized the annual levy thereof each year thereafter, for various purposes consistent with the Act and the proceedings. On the same date, the City Council adopted Resolution No. 1596.9 pursuant to which it authorized the issuance of bonds. Ordinance No. 164 by its term became effective on February 21, 1998.

On March 1, 1998, Series A Special Tax Bonds totaling \$4,800,000, and Series B Special Tax Bonds totaling \$1,700,000 were issued to finance improvements with the CFD. The interest to the bondholders on Series A bonds was tax exempt; while the interest on the Series B bonds was federally taxable to the bondholders.

On December 15, 2010 the City Council adopted Resolution No. 1596.34 authorizing the issuance of Refunding Bonds. On August 23, 2011, Special Tax Refunding Bonds were issued for the purpose of

refunding the 1998 Special Tax Bonds, establishing a reserve fund and paying all costs of issuance related thereto. The Series A bonds totaling \$3,445,000 are tax exempt while the interest on the \$1,285,000 Series B bonds is federally taxable to the bondholders.

2.1.1 CFD BOUNDARIES

The CFD is City-wide and consists of approximately five (5) square miles, comprising approximately 2,301 acres of land. The territory within the CFD is located within the City of Scotts Valley, County of Santa Cruz, and State of California. The City of Scotts Valley is located in the Santa Cruz Mountains adjacent to State Highway 17, and lies approximately 6 miles north of the City of Santa Cruz and approximately 25 miles south of the City of San Jose.

2.1.2 CFD FACILITIES

Proceeds from the bonds have been used to finance the construction and installation of arterial and frontage improvements to Scotts Valley Drive between the Granite Creek interchange with State Highway 17 and Mount Hermon Road.

The improvements include, but are not necessarily limited to, the widening, construction and reconstruction of Scotts Valley Drive as a multi-lane arterial street; traffic signal and street lighting improvements; utility undergrounding, storm drainage improvements; sanitary sewer improvements, water distribution and service improvements, transit and bus turnouts; and other construction appurtenant to all of the above, together with land and right-of-way acquisition and all administrative, legal, financing, and engineering costs associated with such improvements.

2.1.3 REFUNDING BOND INFORMATION

The Community Facilities District No. 97-1 of the City of Scotts Valley 2011 Special Tax Refunding Bonds (the “Refunding Bonds”) were issued in two series for the purpose of refunding the 1998 Special Tax Bonds. The Series A Bonds are tax exempt and were issued in the aggregate principal amount of \$3,445,000. The Series B Bonds are taxable for federal income tax purposes and were issued in the aggregate principal amount of \$1,285,000. The interest payment dates for both Series are March 1 and September 1, and the principal payment date is each September 1, beginning September 1, 2012.

The Series A Bonds maturing on September 1, 2020 and thereafter may be redeemed prior to maturity at the option of the CFD on or after September 1, 2019, in whole or in part, by lot, at the principal amount to be redeemed, together with accrued interest to the date of redemption.

The Series B Bonds matured after the debt service payment on September 1, 2017.

The Refunding Bonds are not subject to mandatory redemption from prepayments of the Special Tax Lien.

2.1.4 COVENANT FOR JUDICIAL FORECLOSURE

Pursuant to Section 53356.1 of the Act, in the event any Special Tax or installment thereof or any interest thereon is not paid when due, the CFD may order the institution of a court action to foreclose the lien on the delinquent property. In such an action, the real property subject to the unpaid amount may be sold at judicial foreclosure sale. This foreclosure sale is not mandatory under the Act. However, in the Resolution the CFD has covenanted for the benefit of the Bondholders that it will commence judicial foreclosure

proceedings against parcels with delinquent Special Taxes in excess of \$10,000 by the October 1 following the close of each Fiscal Year in which such Special Taxes were due if it receives Special Taxes in an amount which is less than 95% of the total Special Tax levied, and diligently pursue to completion such proceedings. The CFD may, in its sole discretion, elect to defer foreclosure proceedings on any parcel so long as the amount in the respective Reserve Funds is at least equal to the respective Reserve Requirements. Provided, that notwithstanding any provision herein to the contrary, the CFD shall commence judicial foreclosure proceedings within the aforesaid period against any owner owning more than one delinquent parcel in the CFD. The CFD may, but shall not be obligated to, advance funds from any source of legally available funds in order to maintain the Reserve Funds at the Reserve Requirements.

Under current law, a judgment debtor (property owner) has at least 140 days from the date of service of the notice of levy in which to redeem the property to be sold. If a judgment debtor fails to redeem and the property is sold, his or her only remedy is an action to set aside this sale, which must be brought within 90 days of the date of sale. If, as a result of such an action, a foreclosure sale is set aside, the judgment is revived, the judgment creditor (i.e., the CFD) is entitled to interest on the revived judgment and any liens extinguished by the sale are revived, as if the sale had not been made. (Section 701.680 of the Code of Civil Procedure of the State.)

2.1.5 ARBITRAGE REBATE REQUIREMENTS AND LIABILITY

The Agency has covenanted to comply with all of the requirements of Section 148 of the Internal Revenue Code (the “Code”) relating to the calculation and payment of any arbitrage rebate amount. Section 148 requires that with specific exceptions, any interest earnings in excess of the bond yield for each bond issue must be rebated to the IRS.

3. FUND INFORMATION

3.1 Reserve Fund

In order to further secure the payment of Principal and Interest on the Bonds, the CFD is required to maintain an amount equal to the Reserve Requirement in a Reserve Fund held by the Fiscal Agent. The Reserve Fund shall consist of two accounts: The Series A Account and the Series B Account. The Reserve Requirement is defined in the Resolution as meaning, as of any date of calculation, the lesser of (i) the then maximum annual debt service for the Outstanding Bonds; (ii) 10% of the initial principal amount of the Bonds; or (iii) 125% of the then average annual debt service on the Outstanding Bonds.

Moneys in the Reserve Fund shall be used solely for the purposes of paying the Principal of and Interest on the Bonds in the event that moneys in the Interest Account and the Principal Account of the Special Tax Fund are insufficient therefore to meet scheduled Debt Service payments. In addition, the Fiscal Agent may be provided written direction to transfer moneys to the Excess Investment Earnings Fund pursuant to the Resolution; provided, however, if and only if, the Reserve Fund is cash funded, proportionate amounts in the Reserve Fund may be applied to pay the principal and interest due on any Bond in the final Bond Year in which any Bonds are outstanding. The Reserve Fund is subject to replenishment from the Special Tax levies which, if not paid by the landowners, could result in a shortage of moneys available in the Reserve Fund and a default in payment on the Bonds.

3.2 Special Tax Fund

The Special Tax Fund was established from the proceeds of the sale of the Special Tax bonds and contains a Series A and Series B Interest Account; a Series A and Series B Principal Account; a Series A and Series B Redemption Account; and a Series A and Series B Administrative Expense Account.

The Treasurer shall deposit into each Account, the proceeds from the Special Taxes apportioned to the CFD in the following order:

- Series A and Series B Administrative Expense Accounts.
- Series A and Series B Interest Accounts.
- Series A and Series B Principal Accounts.
- Series A and Series B Redemption Accounts.

After making the foregoing transfers and deposits of the Series A Special Taxes, any amounts remaining in the Series A Special Tax Fund shall be transferred to the Fiscal Agent and deposited in the following funds in the following order of priority:

- The Series A subaccount of the Excess Investment Earnings Fund; and
- The Series A Special Fund.

After making the foregoing transfers and deposits of the Series B Special Taxes, and amounts remaining in the Series B Special Tax Fund shall be deposited in the Series B Special Fund.

3.2.1 INTEREST ACCOUNT AND PRINCIPAL ACCOUNT

On or before the business day immediately preceding each September 1, the Treasurer shall withdraw from the Series A and B Interest Accounts and Series A and B Principal Accounts the required interest and principal due and shall wire the amounts to the Fiscal Agent for payment of debt service. On or before the business day immediately preceding each Interest Payment Date, the Treasurer shall withdraw from the Series A and Series B Interest Accounts an amount equal to the required Interest payment due and shall wire the amounts to the Fiscal Agent.

3.2.2 REDEMPTION ACCOUNT

All moneys received by the Treasurer which represent prepayments of Special Taxes are to be deposited into the Redemption Account. Moneys deposited in this Fund are to be set aside and used solely for the purpose of redeeming Bonds.

3.2.3 EXCESS INVESTMENT EARNINGS FUND

The CFD shall calculate Excess Investment Earnings separately for the Series A Bonds as stated in the Resolutions and Indenture and shall pay Excess Investment Earnings on the Series A Bonds to the United States government in accordance with the IRS requirements.

3.2.4 SPECIAL FUND

After making the required transfers to the Series A and Series B Administrative Expense Accounts, Interest and Principal Accounts, Redemption Accounts, Reserve Fund and Series A Excess Investment Earnings Fund the Treasurer shall transfer all remaining amounts to the Series A and B Special Funds. Moneys deposited in the Series A and B Special Funds may be transferred to the Interest and Principal Accounts in the event that moneys in the Special Tax and or Reserve Funds are insufficient to pay debt service. Amounts in the Series A and B Special Funds may also be deposited into the used to the Administrative Accounts if the amounts in such Accounts are insufficient. Amounts in the Special Fund may also be used to pay Project Costs or for any other lawful purpose of the CFD.

The amounts in the Series A and Series B Special Funds are not pledged to the repayment of the Bonds and may be used by the CFD for any lawful purpose.

4. RATE AND METHOD OF APPORTIONMENT

Definitions

CFD: Community Facilities District No. 97-1 of the City of Scotts Valley, Santa Cruz County, State of California.

City: The City of Scotts Valley, California.

Council: The City Council of the City.

County: The County of Santa Cruz.

Developed Property: All Parcels with a structure for which the City has issued an occupancy permit.

Exempt Parcels: All Parcels owned by the State of California, the Scotts Valley Unified School District; the City of Scotts Valley; the County of Santa Cruz; the Scotts Valley Fire Protection District; the Scotts Valley Water District; or any other public governmental agency, so long as such Parcel is used for public purposes by that agency are considered Exempt parcels. All parcels owned by a non-profit corporation with tax exempt status under the U. S. Internal Revenue Code and are used solely for religious or educational purposes are also considered Exempt Parcels, provided, however, that exempt status shall not be granted for any Parcel that is initially subject to a Special Tax.

Fiscal Year: The period starting on July 1 and ending the following June 30.

General Plan: The General Plan of the City of Scotts Valley, including such planning, zoning and building regulations in effect from time to time.

Maximum Special Tax Rate: The maximum Special Tax rate that can be levied in any Fiscal Year upon any Parcel.

Parcel: All parcels within the district for which the County of Santa Cruz has issued a discrete assessor's parcel number.

Residential Property: All parcels with the following County Land Use Codes:

1. Land Use Code 16
2. Land Use Codes 20 through 29
3. Land Use Codes 30 through 34
4. Land Use Codes 40 through 46
5. Land Use Codes 60 through 68
6. Land Use Codes 100 through 102

Special Tax: The Special Tax or taxes authorized to be levied within the CFD.

Maximum Special Tax Rates

There are two categories of Maximum Special Tax Rates which may apply to Parcels within the CFD. Special Taxes are levied for the frontage costs of Scotts Valley Drive and for the non-frontage costs of Scotts Valley Drive. There are separate Maximum Special Tax Rates for the frontage costs and the non-frontage costs.

Non-Frontage Maximum Special Tax Rates - Residential

The following Maximum Special Tax Rates shall apply to Residential Property:

RESIDENTIAL TYPE	TAX RATE
Single family residential	\$39 per unit
Multi family residential	\$37 per unit
Mobile Home Park	\$32 per pad

Non-Frontage Maximum Special Tax Rates – Non-Residential

Table 1 of the Special Tax Formula for the CFD Rate and Method of Apportionment of Special Tax shows the Maximum Special Tax Rates for non-frontage costs for certain parcels within the CFD as identified by the Assessor Parcel Number as of May, 1997. These parcels currently do not meet the definition of Residential Property.

In the event of parcel subdivisions or consolidations, the Non-frontage Maximum Special Tax Rates for each such Parcel(s) shall be allocated to the successor Parcel(s) pro rata based on the square footage of Parcel area. The City shall review all Parcels shown in Table 1 on an annual basis in order to adjust the Non-frontage Maximum Special Tax Rates for Parcel subdivisions and consolidations.

All parcels and successor Parcels shown on Table 1 shall be subject to the applicable Maximum Special Tax Rates shown on Table 1 even if such Parcels subsequently meet the definition of Exempt Parcels.

Non-Frontage Maximum Special Tax Rates – Special

For all other Parcels that do not meet the definition of Residential property and are not shown or otherwise included in Table 1, the City shall annually first determine which of such Parcels, if any, are Exempt Parcels. Exempt Parcels are exempt from the Non-frontage Maximum Special Tax so long as they meet the definition of Exempt Parcels.

For the remaining such non-exempt Parcels, the City shall annually determine whether such Parcels meet the definition of Developed Property. If such Parcel meets the definition of Developed property, the Non-frontage Maximum Special Tax Rate shall be as follows:

RESIDENTIAL TYPE	TAX RATE
Single family residential	\$39 per unit
Multi-family residential	\$37 per unit
Mobile Home Park	\$32 per pad
All other Developed Property	\$625 per acre

All Parcels not shown or otherwise included on Table 1, and that also do not meet the definition of Residential Property within the County Land Use Codes of 90 through 93, 602 and 610 shall be taxed at a rate of \$20 per acre, regardless of whether such Parcels meet the definition of Developed Property or not.

If any such non-exempt Parcel does not meet the definition of Developed Property, the City shall annually determine whether the Parcel is developable in accord with the then General Plan of the City and other such

planning, zoning and building regulations as may apply. If the City determines that such Parcel is developable, the applicable Non-frontage Maximum Special Tax Rate shall be \$70 per acre. Parcels not shown on Table 1 that the City determines to be undevelopable shall not be subject to the Non-frontage Maximum Special Tax.

Frontage Maximum Special Tax Rates for all Parcels

Table 2 of the Special Tax Formula for the CFD Rate and Method of Apportionment of Special Tax shows the Frontage Maximum Special Tax Rates for all Parcels within the CFD that are intended to be subject to the Frontage Maximum Special Tax Rate.

In the event of Parcel subdivisions or consolidations, the Frontage Maximum Special Tax Rates for each such parcel(s) shall be allocated to the successor Parcel(s) pro rata based on the linear footage of frontage on Scotts Valley Drive. The City shall review all Parcels shown in Table 2 on an annual basis in order to adjust the Frontage Maximum Special Tax Rates for Parcel subdivisions and consolidations.

Application of Special Tax

Annually, at the time of levying the Special Tax for the CFD, the City Council shall determine the amount of money to be collected from Parcels within the CFD. Such amounts shall include 1) the sum needed to pay debt service on indebtedness and contractual obligations of the CFD on an annual basis; 2) the sums needed to create or replenish the debt service reserve fund; 3) the amounts needed to pay administrative expenses up to a maximum of \$25,000 per year; 4) the costs of acquisition and construction of the Scotts Valley Drive project; 5) anticipated delinquencies in the payment of the Special Tax. The amount of money to be collected shall be offset by funds on hand as of July 1 of each Fiscal Year which are pledged or otherwise made available for any of the purposes for which the Special Tax may be levied.

The Frontage Maximum Special Tax Rates and the Non-Frontage Maximum Special Tax Rates shall be levied on each applicable Parcel to pay the costs identified above for each Parcel. If levying the Frontage and Non-Frontage Maximum Special Tax Rates on each Parcel would in the opinion of the City generate more revenue than is required, the City may adjust the Special Tax rates for each Parcel down by an equal percentage for that Fiscal Year.

Prepayment of Special Taxes

The Special Taxes for any Parcel may be prepaid as follows:

Step 1. Determine the total Special Taxes at the applicable Maximum Special Tax Rate that can be levied for the current fiscal year that can be levied on the Parcel to be prepaid.

Step 2. Determine the total Special Taxes at the applicable Maximum Special Tax Rate that can be levied for the fiscal year that can be levied on all Parcels within the CFD.

Step 3. Derive a percentage by dividing the result of Step 1 by the result of Step 3.

Step 4. Determine the outstanding principal of any bonds secured by the Special Taxes.

Step 5. Subtract from the amount determined in Step 4 any funds on deposit in a debt service reserve fund for such bonds.

Step 6. Subtract from the amount determined in Step 5 any funds available and pledged to make a forthcoming principal payment on any bonds outstanding secured by the Special Taxes.

Step 7. Multiply the result of Step 6 by the percentage determined in Step 3. Multiply this amount by 1.02. This result is the cost to prepay the Special Taxes on the Parcel.

Appeals and Interpretation Procedure

Any taxpayer who feels that the amount of the Special Tax is in error may file an application with the City's Finance Director contesting the levy of the Special Tax. The Finance Director, or his or her designee, shall promptly review the application, and if necessary, meet with the applicant. If the findings of the Director verify that the Special Tax should be modified or changed, a recommendation to that effect shall be made to the Council, and as appropriate, the levy shall be corrected and, if applicable in any case, a refund shall be granted. If the Director denies the application, the applicant, may file an appeal of that determination, within 14 days of the mailing of notification of denial, with the City Council. The Council shall hear the appeal under such procedures as the Council shall establish. The determination of the Council on the appeal shall be final for all purposes. The filing of an application or an appeal shall not relieve any taxpayer of the obligation to pay the Special Tax when due. Interpretations may be made by Resolution of the Council for purposes of clarifying any vagueness or ambiguity as it relates to any of the terms or provisions of the Rate and Method of Apportionment.

5. TEETER PLAN PARTICIPATION & COUNTY REVENUE APPORTIONMENT SCHEDULE

The County of Santa Cruz Teeter Plan does not include the CFD. The apportionment schedule to public agencies of special taxes and assessments is as follows:

County Revenue Apportionment Schedule

Date	Percentage Apportioned
In December	50% of the charge amount is apportioned
In April	45% of the charge amount is apportioned
In June	5% of the charge amount, plus or minus any roll corrections processed during the year, is apportioned

6. BOUNDARY MAP

A boundary map of the CFD has been prepared in accordance with the Act and is on file with the City Clerk.
The boundary map is included in this Report by reference.

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022

TO: Honorable Mayor and City Council

FROM: Mali LaGoe, City Manager

SUBJECT: **APPROVE REVISED SECTION 7.06 OF THE LEASE AGREEMENT
FOR 251B KINGS VILLAGE ROAD WITH THE SCOTTS VALLEY
COMMUNITY THEATER GUILD**

SUMMARY OF ISSUE

On June 15, 2022, the City Council approved a new lease agreement with the Scotts Valley Theater Guild (the "Guild") with the added direction to staff to work on language that would address how the City could retain the equipment owned by the Guild in the case that the Guild was unable to continue operations. The City Council's discussion and subsequent adopted motion described negotiating a formula that included the fair market value of the equipment and financial contributions each party (the City and the Guild) and contributed to the facility.

As staff proceeded to negotiate these additional terms with the Guild, an alternative formula was identified and ultimately agreed upon by staff and the Guild. Because this formula is substantially different than what was described by the Motion made by Councilmember Timm and adopted by the full council, staff requests the Council's review and approval of this new formula as described below and in the attached lease amendment.

The ultimate goal of both the City and the Guild is for a theater to serve the Scotts Valley Community. To that end, if the Scotts Valley Theater Guild as an organization is no longer able or willing to operate a theater at this location or another location, meaning the Guild organization shuts down, the legal non-profit entity would be required to transfer its assets to another non-profit. For this reason, a cash transaction based on the fair market value of the equipment would only result in cash assets to the Guild that would need to be dispersed elsewhere in accordance with IRS rules; therefore, to meet the ultimate goal, it would be better for the City to retain the equipment at no cost. However, it is possible that if the Guild is unable to continue operations, it may have accrued some debt (unpaid payroll, vendors, etc) which would need to be paid off by the Guild as part of its closing down process. To this end, the negotiated term of this section of the agreement includes a provision where the City could retain the equipment for the value of the Guild's debt, up to \$150,000. In no case would the City be obligated to agree to a purchase and in the process of determining if it's in the City's best interest to do so, the City would consider the value of the equipment it desires to purchase to ensure the value is equal to, or greater than, the value of the debt.

This formula meets the intent of the Council's direction to include in the Lease Agreement a mechanism for the City to retain theater related equipment if the Guild ceases operations and meets the ultimate goal of both the City and the Guild to provide a theater for the Scotts Valley community.

FISCAL IMPACT

There is no fiscal impact of this amendment to the lease agreement. If this provision of the lease were ever triggered, an item would be brought back to the Council for consideration at that time.

STAFF RECOMMENDATION

It is recommended that the City Council approve the revised section 7.06 of the lease agreement with the Scotts Valley Community Theater Guild for 251B Kings Village Road and authorize the City Manager to execute the lease agreement.

7.06 Restoration. Except as otherwise provided herein and specifically as required in Section 3.03, Tenant shall return the Premises to the same condition as existed as of the Commencement Date of the Agreement, reasonable wear and tear excepted. Landlord, through Landlord's sole discretion and authority, and upon receipt of written request from Tenant, may consider allowing any Tenant Improvements approved by Landlord under this Agreement to remain. Landlord, at its election, may also require Tenant to remove, at Tenant's sole cost, any improvements, alterations or additions approved by Landlord in accordance with this Agreement. Tenant shall repair, at its sole cost, any damage resulting from the removal of any alterations, improvements, additions, equipment, machinery or trade fixtures.

Upon the termination of this Lease, it is the intent of the parties that in the event the Tenant decides to wind down its operations and cease operating as a theater, the Landlord shall have the ability to continue operating the Premises as a community theater with use of Tenant's improvements and equipment. As such, Tenant shall notify Landlord of its intent to either cease operations entirely or move its business to another venue within 45 days prior to the Lease termination. If the Tenant intends to move, it must remove equipment from the Premise upon termination of the Lease. If the Tenant intends to cease operations, Landlord shall have the right, but not the obligation, to acquire any improvements or equipment the Tenant then owns and were used to run the theater. A list of current equipment owned by the theater is below. (Landlord acknowledges Tenant does not own all the equipment that will be used to run the theater and the parties acknowledge that additional equipment or improvements may be added or removed during the term of the Lease. In such case, Tenant shall notify Landlord of any new or removed equipment and improvements). If Landlord elects to continue operating the Premises as a community theater and acquire any such improvements or equipment, Landlord shall respond to Tenant's notification within 45 days of such notification.

Tenant will determine any outstanding debt obligations beyond the theater's cash assets that is owed by the Tenant to lenders, employees, vendors, etc. and Landlord may acquire any or all assets then owned by the Tenant to operate the theater for the

City of Scotts Valley CITY COUNCIL STAFF REPORT

DATE: August 3, 2022
TO: Honorable Mayor and City Council
FROM: Mali LaGoe, City Manager
SUBJECT: FY 22-23 COMMUNITY GRANT PROGRAM

SUMMARY OF ISSUE

Historically the City of Scotts Valley ("City") has provided small grants to community benefit organizations that serve Scotts Valley. However, due to the COVID-19 pandemic, the availability of funding was limited, so the grant opportunities were paused for two years due to the economic uncertainty. Given that the City's fiscal position has improved, the City Council approved up to \$50,000 in the FY22-23 budget for community grants.

The City's Strategic Plan includes two goals that support this funding allocation---Maintaining the Quality of Life for Residents and Economic Development. Quality of life programs could include, but are not limited to, enhancing safety net services for seniors and youth, art, culture, as well as programs related to community health, inclusion and connection.

The City is particularly interested in filling funding gaps left by state or federal funding sources, rather than duplication of resources and align with its budget policy of prioritizing funding to community organizations that provides for capital infrastructure or one-time costs over ongoing operations. Proposals that leverage this grant program for matching funds or programs that combine multiple funding sources, with this being their final missing funding request, are encouraged.

A Community Grant Program Request for Proposals has been drafted, with feedback from the Human Care Alliance, including guidelines for applicants. It includes background, proposal guidelines, submission instructions, scoring criteria and a timeline. The scoring criteria has one baseline qualification screening section and two main categories of criteria. Passing the baseline qualification screening is a requirement for an application to be considered. The two categories of criteria are: Content Criteria (40 points) and Financial Criteria (25 points) with sub-criteria with assigned sub-point values. The maximum points available is 65. Applicants do not need to score points in every sub-criteria line to be considered.

The proposed timeline allows for the application period to open August 10, 2022, and close on September 7, 2022. A review committee, made up of City staff and community members, will score the applications based on the criteria provided. After proposals have been scored, recommendations will be brought to City Council for consideration on October 5, 2022. Once programs are selected to receive grant funding, contracts will be executed with each

organization including insurance and reporting requirements, and the specific documentation needed for payment issuance.

Recognizing that there will be needs beyond what the allocated \$50,000 can support, staff recommends maximizing the impact of the funding by looking to fund between four and eight proposals at approximately \$5,000 to \$15,000 each.

FISCAL IMPACT

There is no fiscal impact to the General Fund associated with the Community Grant Request for Proposals issuance. The funding amount of \$50,000 is included in the FY 2022-23 budget and approval of resulting grant awards will return to Council at a future date.

STAFF RECOMMENDATION

It is recommended that the City Council discuss and provide feedback on the RFP criteria as presented at tonight's meeting for staff to incorporate prior to issuing the RFP on August 10, 2022.

The City of Scotts Valley Request for Proposals (RFP)
Community Grant Program

RFP ISSUE DATE: AUGUST 10, 2022

PROPOSAL DUE DATE: SEPTEMBER 7, 2022

Please note: All proposals must be received by no later than **5pm on September 7, 2022**

1. Introduction

The City of Scotts Valley is requesting proposals from community benefit organizations that are registered non-profits in Santa Cruz County and provide services/benefits to Scotts Valley residents specifically.

2. Background

Historically, the City has provided small grants to community benefit organizations that serve the Scotts Valley residents. However, during the COVID 19 pandemic, this funding opportunity was paused for two years due to the economic uncertainty. We are overjoyed that we can provide this resource again this year.

The City Council has allocated up to \$50,000 to this grant program for this fiscal year.

The City's Strategic Plan includes two goals that support this funding allocation- Maintaining the Quality of Life for Residents and Economic Development. Quality of Life programs could include, but are not limited to, enhancing services for seniors and youth, art, diversity, equity and other related inclusion programs, as well as programs related to health, community and connection.

The City Council is particularly interested in filling funding gaps left by state or federal funding sources, rather than duplication of resources and has a budget policy which prioritizes funding to community organizations that provides for capital infrastructure or one-time costs, versus ongoing operations.

In addition, proposals that leverage this grant program for matching funds, or programs that combine multiple funding sources, with this being their final missing funding request are encouraged.

We recognize that there will be needs beyond what the allocated funding can support. To maximize the impact of this funding, the City is looking to fund between four and eight proposals with an average grant amount of \$5,000 to \$15,000 each, but open to grant requests below and above the average.

3. Proposal Format

To ensure an equitable process, proposals that do not follow the following format will not be considered:

- The length of the proposal should be no longer than three (3) pages
- The proposal should be organized into the following three sections:

Section A: Organization description

1. Name of the organization, address, website, contact person and contact information
2. Statement of legal status as a non-profit registered in Santa Cruz County
3. Organizational mission statement or brief description of the organization's purpose/services
4. Total amount of funding requested

Section B: Project description

1. Describe the proposed project/program including:
 - What is the connection to Scotts Valley's Strategic Plan goals (Maintaining the Quality of Life for Residents and/or Economic Development)?
 - How does the program enhance safety net services for underserved or marginalized Scotts Valley residents?
 - How does the program impact community health, Scotts Valley pride, inclusion and connection?

Section 3: Budget

1. Breakdown of budget related to funding request
2. List/description of related or leveraged other funding sources

4. Submission Instructions

Proposals shall be submitted via email to cstocker@scottsvalley.gov with the RFP name and Organization name in the subject line. Proposals should be submitted as PDF. Late proposals will not be accepted. The City is not responsible for emails not received.

Print submissions will not be accepted if the corresponding emailed submission is not received before the due date and time. A print proposal is not required but respondents may deliver a print copy before the deadline in a sealed envelope to:
